Program Report

NSS Unit Code:	9021608
Title of the Event:	Distributing Face Masks
Event Start Date:	21/10/2020
Event End Date:	21/10/2020
Description:	The main objective of distributing Face Masks is strived to educate the people first and taking adequate precautionary measures from COVID-19. NSS Unit of V.K.R, V.N.B & A.G.K College of Engineering believes that masks are a simple barrier to help prevent your respiratory droplets from reaching others. Masks reduce the spray of droplets when worn over the nose and mouth. We should wear a mask, even if you do not feel sick. Face covering limits the volume and travel distance of expiratory droplets dispersed when talking, breathing and coughing. NSS volunteers and NSS PO were distributed facemasks near Kudaravalli village.

Program Report

NSS Unit Code:	9021608
Title of the Event:	Food Distribution to Poor People
Event Start Date:	28/11/2020
Event End Date:	28/11/2020
Description:	<p>“No one deserves to go through the pain of starvation, that’s why we should all provide food for the poor.”</p> <p>People need energy to work and food is one of the main things needed to have energy. By eating at work it can increase your productivity by 20% on average. People living in poverty cannot afford nutritious food for themselves and their families. This makes them weaker and less able to earn the money that would help them escape poverty and hunger. If you don’t have food, you don’t have energy and if you don’t have energy, you can’t work and provide the necessities needed to be healthy and mainly to stay alive. Giving people the food to become healthier will give them a head start on earning their own food and living a healthy life. Our college NSS unit came with a wonderful theme to serve the poor as much as they can. On this theme, our NSS volunteers distributed food packets to poor people in Gudivada surroundings.</p>

Program Report

NSS Unit Code:	9021608
Title of the Event:	ENERGY CONSERVATION AWARENESS CAMPAIGN
Event Start Date:	12/12/2020
Event End Date:	12/12/2020
Description:	<p>Conservation of energy is an essential aspect of human existence. Without conserving energy, there is no way in which can survive in the future. One might wonder why conservation of energy is vital for survival. The reason lies in the renewable and non-renewable resources. All the resources of a country get utilized in the production of energy. Thus energy has various forms. What is vital about the conservation of energy is human habits and practice.</p> <p>Most people do not feel it to be necessary or important to save energy for the future. It does not occur to them that reckless spending of energy can be disastrous for their children when they grow up. Conservation of energy reduces pollution because it lowers down the number of resources that are put to use. This causes less of toxins being released into the air. In the end, however, it is also to be considered that the conservation of energy is all about human behavior. Hence our NSS volunteers explained the different ways for saving electricity to the people in the Nandivada village.</p>

Program Report

NSS Unit Code:	9021608
Title of the Event:	An Awareness Program on Negative impact of Social Media on Youth
Event Start Date:	22/1/2021
Event End Date:	22/1/2021
Description:	<p>Social Media has changed our lives. Social media has definitely made us closer to other parts of the world. We are able to contact with each other all around the world with one click of a button. Nowadays teenagers are known to be one of the heaviest users of social media now a day. Social Media may have its positive aspects, but can also affect teenagers negatively. Being able to contact with someone around the world who you may not know could be unbelievably dangerous. You can't trust everyone on social media. However, teenagers love using social media, because they are able to stay connected to their friends and make new friends.</p> <p>Nonetheless, if it is putting teens and kids in danger, it must be monitored. Even though social media is a way to keep in touch with our world, it is affecting teenagers negatively in the form of their health; cyber bullying and personality online and as such should be reconsidered immediately. Our volunteers have explained about the negative impact of social media to the people in Dhandiganapudi village.</p>

NSS Unit Code:	9021608
Title of the Event:	Awareness program on Road Safety Measurements & Traffic Rules
Event Start Date:	27/2/2021
Event End Date:	27/2/2021
Description:	Road safety is the prevention of road accidents by obeying the road safety rules and regulations. The most important factor of road safety is the need for skilful and cautious driving so that passengers, pedestrians and drivers stay safe. Developing better roads is also important to avoid road accidents. The main theme of this program is to guide the passengers to obey the traffic rules and follow them strictly. As part of this program our NSS volunteers explained the safety precautions while travelling and the rules to be followed while driving to the people.

Program Report

NSS Unit Code:	9021608
Title of the Event:	Butter Milk Distribution
Event Start Date:	30/04/2021
Event End Date:	30/04/2021
Description:	We organized Buttermilk Distribution at Kudaravalli Village near Gudivada. We as an organization strongly feel about destitute and for us nobody should suffer the lack of water in summer. The main theme of this program is to protect people from dehydration in summer. So just because they are poor we don't want they should suffer because for us all human life is sacred. These camps are very often and have its own importance.
